

New Starter Progress Check	
Child's Name: Child Anonymous	Date of Birth: 16 <sup>th</sup> August 2018
Lockdown Key Person: Robin Wagtail	Date Completed: 10 <sup>th</sup> February 2021

**PERSONAL, SOCIAL & EMOTIONAL DEVELOPMENT**

*I like to play next to other children, and I can go and play with new toys by myself but like to find a grown up that I know when I need them. Sometimes, when you tell me what to do, rather than "no" I am able to do it.*

Age/Stage:

Developing 16-26 months

*My next steps are:  
I watch what other children are doing before I join in with them.*

**PHYSICAL DEVELOPMENT**

*I know that when I move a chunky crayon or pen round, up and down and across, the marks I make on the paper look the same as the way I moved my hand, and I can tell you what I like and don't like to eat and drink.*

Age/Stage:

Developing 16-26 months

*My next steps are:  
I like to help you when you get me dressed and undressed by finding my clothes and trying to put them on. When you change me I can find my wipes and new nappy and give them to you.*

**COMMUNICATION & LANGUAGE**

*I am beginning to understand words that are important to me like "cup" or "teddy" by pointing or finding the thing, and I will stop what I am doing or playing with if I hear a noise or a grown up talking.*

Age/Stage:

Emerging 8-20 months

*My next steps are:  
I use lots of everyday words that are important to me, such as "banana", "go", "sleep" or "hot" to tell you things, and I can understand what to do when you tell me do one thing, such as "Throw the ball" or "Put the baby in the bed".*

**ANY FURTHER COMMENTS OR CONCERNS**

*Is the child meeting developmental milestones?  
Referral to other services necessary to support CHILD A in setting and at home.*

*What Next? State referrals, request for advice, etc.  
Have asked for parents to arrange a hearing test.  
Parental consent required for speech & language (SALT) referral, as the system is running behind due to pandemic, we would also ask the inclusion team for advice in the meantime as more than an 18 month wait for SALT.*

*Parents' comments including child's interests:*
